VOL. XXII—No. 27 Cypress, California, Friday, April 22, 1949 Price 5c Per Copy

Said In Cypress

That we've been so engrossed in this week's issue of the paper to try enthuse residents in the idea of a clean-up, paint-up and fix-up week, that any little items of interest which we might have brought you must have gone by unnoticed.

That a selfish reason we can give for being so absent - minded about what might interest our reader (or readers) of this column is the fun we've had introducing Dale around town. We sort of set the stage by talking about our "baby brother." It was a dirty mean trick to foist a six-foot, 200 pound hunk of a recently exposed journalism graduate off on the unsuspecting. We're a mean widdy kid!

That it was our happy experience to visit Otho Switzer on Tuesday, at his home on Moody street. The old spirit is manifest, and he'll be back at the real estate office some of these days helping Cypress with its problems as he has done in the past.

That Mr. and Mrs. Boeckler are the proud owners of a new Ford. Now all they need is an adequate house trailer and they'll be on the way to that coveted destination. Can't tell where, until they find the right trailer.

That we wouldn't mention Leona so much, except she stays awake nights thinking of ways to get even with the members of the volunteer fire department, Cypress, that is, secretary Ter Beest. But she did it this time — saved doughnuts for several days, frosted them beautifully, and presented them on meeting night. All Pat wants next Christmas are teeth that can conquer one of those doughnuts!

That if any conclusions were to be drawn on what we saw of the so-called "Easter parade," we would say yellow was the color this year. Practically every little girl we saw at Sunday School, including our little niece, chose this color.

That we couldn't mirror the happenings accurately this last week if we missed mentioning the very successful union church service held on Good Friday. To us this is an outstanding example of what can be done in a way of unity with everyone working as a team toward a common goal to compromise on personal differences for the good of the community.

That the Cina-car drive-in theater is double-timing its operations these nice days. It won't be long now. The Mongomery boys, we found out their names are Jimmie and Bill, are going to quietly collapse for a few days after the mad rush of preparations is over. That's what they say now. But we'll bet that theater opens without a moment's delay after it's ready.

That we were looking for Paul Wetzel this week. He wants to acquire some horned toads, it seems to us he said. Always willing to oblige, we were going to try to locate some. We'd hate to locate some, and then discover it was a cerastes he really wanted.

That we're so undecided about the box supper at the school tomorrow night. If we aren't asked into the "younger" group we'll be insulted, and if they put up our box in "older group" for auction we'll be hurt. What to do! Got an "inbetween" category for old maids and bachelors, Jake?

Barris and Riedel To End Record Flight Tuesday

At noon Wednesday, Endurance Fliers Bill Barris of Buena Park and Dick Riedel had only six days to go before completing their scheduled 1008-hours in the air.

They are already close to 200 hours over the old world's record set in 1939. The old record was 726 hours. As of noon Wednesday they had logged 864 hours.

Threatened storms kept them on the desert near Indio the early part of the week but they did all of their refuelings at the Orange County airport.

An official welcome is planned for them to take place at 11:44 a.m. next Tuesday when their flight ends. A parade will be held on Commonwealth avenue in Fullerton.

Arrangements are being made with the Fullerton post office for flight cachets autographed by Barris and Riedel to be placed on sale at 25 cents each.

Stamp collectors and others interested in this flight cover should bring their addressed letters to the post office.

Grace Wiley's Snake Farm Is Only Memory Now To Cypress People

When speaking of a "landmark," a picture is usually conjured up of a building or object in advance stages of old age. Although the late Grace Wiley had established her famous "snake farm" only about two years previous to her untimely death, it was probably one of the best known means of establishing the identity of Cypress to outsiders.

During the past few months the collection was disposed of under the direction of Wesley Dickinson, until only the physical property remained. This was recently purchased by Lilburn C. and Vernice I. Starmer of Long Beach. Mr. and Mrs. Starmer plan to build and sell lawn and beach furniture under the firm name "Our Place." Their son-in-law and daughter, Mr. and Mrs. Eugene Johnston of Bell Gardens, are living in the little house on the premises. They have two small boys. Johnston was formerly from Phoenix, Arizona. The buildings and arrangements of lawn space are ideally suited to a business of this kind.

In the meantime, Dickinson has built a small shed in the rear of the property next door, where he will keep certain of the snakes, birds and animals for which he has no room at his home in Long Beach. It is his desire to concentrate particularly on those of foreign origin. At such time as Long Beach can sponsor a zoo of its own, Dickinson's collection will be transferred to it.

ANIMAL POPULATION SHAKY LAST WEEK

It's been a hectic week for Wesley Dickinson. "Wammy" got lost, and Mrs. Tiger Snake finally presented her young to the snake population. But one at a time.

"Wammy" is a year-old, cuddly Malayan sun bear, sometimes known as a "honey bear." But how could anyone outside of her friends know that she is exceedingly tame? She disappeared one day last week, and was reported missing for three days. At long last she showed up at the Orange County dog pound, which is as good a place as any for a bear to be found. They were somewhat nonplussed at first, until convinced that she was not a vicious bear. "Wammy" has a cage, now, with iron bars, yet.

As to Mrs. Tiger Snake, the least said about her being "overdue" according to predictions for a "scoop" in these columns on January 28, the better. But last week the baby snakes arrived, 34 of them altogether, with only eight of them living. This is probably the first time these snakes were ever born in captivity. The species, you may recall, is the most poisonous snake in the world. A tiger snake has been known to give birth to as many as 109 young at one time, and Dickenson predicted in January there would be possibly a dozen.

Elder Ellsworth Has 100th Birthday

If you have a desire to live to be 100 years old, ask Cypress' Ralph Ellsworth's father the secret. He just celebrated his 100th birthday in Long Beach.

He was named Thomas Eugene Ellsworth when he was born in Lynn county, Iowa, April 19, 1849. After living for several years in Colorado, he moved to California in 1939 so that he could be with his two sons, Frank of Long Beach and Ralph of Cypress.

It took two birthday cakes to feed the many guests at the centennial party which was held in Frank's home at 4201 Theresa St. in Long Beach Sunday. The family boasted four generations present, including seven great grandchildren.

The elder Ellsworth was recognized as an expert marksman even at the age of 89 when he could still outshoot his two sons—members of the Long Beach police force at the time. In his younger days, he used to hunt game for the market in Minnesota. After that, he traveled for the Winchester Adams company as a traveling demonstrator. That job consisted of using Winchester guns in demonstrations of shooting from the hip, with mirrors and other novel stunts.

The veteran gun expert still has a 12-guage shotgun that is 55 years old. When asked how it compares with the modern weapons, Ellsworth admits that he doesn't think today's guns are made to last like they were in his day.

Among the guests at Sunday's celebration in his honor were Mrs. Sarah Chapman, Ralph and Frank Ellsworth and their families, Mr. and Mrs. Glenn Miser and children Shirley and Ralph, Mr. and Mrs. John Lukens and children, Bobby and Suzanne, and Harvey Ellsworth and Harvey, Jr., all of Cypress.

EASTER ATTENDANCE GOOD IN CYPRESS

A successful close marked the Easter season in local churches with good attendance at all services. The Baptist Church, Church of the Nazarene and Faith Tabernacle pastors report that Sunday school and morning worship sessions saw the sanctuaries filled to capacity.

When the union Good Friday church service was held in the Church of the Nazarene last Friday afternoon, most of the stores and businesses cooperated by closing their doors for the one-hour which marked the service, from two to three o'clock. Participating with the Cypress churches were pastors and members of congregations from the Hawaiian Gardens churches. As an outgrowth of this first cooperative attempt, the Reverend William D. Howard, of the Cypress Church of the Nazarene, reports that a ministerial association has been formed, and the pastors are meeting every Tuesday morning. He said that there is a need for cooperation, and they are looking forward to further action in the way of revivals and the things pertaining to the best interests of the churches in the communities.

Fullerton J. C. To Exhibit Student Built Model Home

A modern, two bedroom dwelling, decorated in the modern manner entirely designed and constructed by students of the Fullerton Junior College, will open its doors to the public during the Annual open house and exhibit scheduled for April 29 on the Fullerton campus.

Each year classes in construction under C. R. McCormick, using the plans which come from the college architectural classes, build a two bedroom home complete except for plumbing. Upon its completion the house is sold to a veteran member of the class for cost. At present two veteran families are living in houses that are the product of this instructional project.

This year's model upon which work is being already conducted is designed by J. P. Benedict. It is of the California ranch-house style, with a wood shingle roof, drybuilt throughout.

On display at the college open house will be a new dwelling that demonstrates the incorporation of the latest in modern design to the modest priced home. Glass brick walls, combed plywood, new psychological color scheme of modern living combined with such comfortable old fashioned features as deep storage pantries and commodious closets.

PERMITS

Fire Chief A. E. "Pat" Arnold warns that permits are required for burning trash or grass in an open fire. These may be obtained at the Cypress hardware store or the Cypress beverage store.

In the Los Alamitos area, Fire Chief Ray H. Baker calls attention to the fact that a permit is required and he may be contacted by calling 95685.

Famous Play At Hemet

The Ramona play cast of more than 350 persons is now in intensive rehearsals. Ramona play, a pageant - drama based on Helen Hunt Jackson's famed novel, is staged annually by the people of the Hemet - San Jacinto Valley as a non-profit community enterprise and in the very locale where historical events of the novel took place.

Ramona Bowl, a modernized, natural ampitheater, has a seating capacity of 6000. There is ample, free parking space for thousands of autos directly at the entrance to the bowl.

Playing dates for this 22nd season of Ramona will be on Saturday and Sunday afternoons, April 23 and 24, April 30 and May 1, and May 7 and 8.

Reserved seats to the Ramona play are now on sale at all Mutual Ticket agencies throughout California. Reservations may also be made direct by mail or telephone at Ramona Bowl, Hemet. Phone Hemet 6111.

OUR DEMOCRACY——by Mat

MEASURES OF PROGRESS
PROGRESS IN THE COLONIAL DAYS OF OUR COUNTRY WAS MEASURED IN TERMS OF THE DEVELOPMENT OF THE EASTERN SEABOARD, OF THE BEGINNINGS OF TRANSPORTATION BETWEEN SETTLEMENTS -AND OF THE START OF EXPLORATION OF THE VAST LANDS AND RESOURCES STRETCHING WESTWARD.
BY THE MIDDLE OF THE LAST CENTURY, AS WE BEGAN TO OPEN UP THE WEST, OUR CONCEPT OF AMERICA'S PROGRESS, THOUGH STILL BASED PRIMARILY ON LAND AND NATURAL WEALTH, EMBRACED AS WELL BROADENING OPPORTUNITIES IN INDUSTRY AND TRANSPORTATION.
TODAY, WE MEASURE THE PROGRESS OF OUR NATION BY THE PRODUCTIVE USE WE MAKE OF LAND, BY THE CONTRIBUTIONS OF SCIENCE AND MASS PRODUCTION TO THE WELL-BEING OF ALL OUR PEOPLE AND, AS THROUGHOUT OUR HISTORY, BY THE OPPORTUNITY OF THE INDIVIDUAL, THROUGH HARD WORK AND THRIFT, TO ACHIEVE FOR HIS FAMILY, SECURITY AND THE CHANCE FOR FURTHER PROGRESS AND ADVANCEMENT.

Three Duties This Week...

CLEAN - UP?

The traditional "spring cleaning" season has arrived. The comfortable, agreeable warm sunshine pouring in through the windows to the interior of the home also reveals the dirt, grime and soot accumulated through the long, cold winter. This is the housewife's forte. She'll be busy with cleaning utensils to make the house sparkling and a credit to the household. Outside, that same sun is encouraging growth everywhere — plants and vegetation intended to grow for productive purposes, as well as weeds which will prove to be a fire hazard if let to go too long and which are unsightly at best. Everywhere are piles of odds and ends and debris which need to be cleaned out and hauled away to improve the appearance of homes and businesses.

FIX - UP?

While in the mood to improve the appearance of the home or store building, think of a practical angle which will take only a minimum amount of time, and little or no expense. It is confusing to friends and business associates who attempt to find addresses in small, unincorporated areas. The chamber of commerce is urging that all who have not done so get busy and somehow or other show clearly the county house number to avoid confusion. The chamber will cooperate with the residents of the community to provide an adequate map of the area, and will strive to secure proper street signs. A small amount of effort on the part of every individual in the area will help to eliminate a great deal of annoyance suffered by local merchants and businessmen who are constantly harangued by out-of-town people seeking an address, and who, in some cases, are actually provoked when they receive no favorable answer to their inquiries.

PAINT - UP?

Why not remember that stroke of paint here and there which would do wonders to brighten up the interior or exterior of the home? There can be no argument that fresh paint properly applied, results in a cleaner, fresher look.

The foregoing paragraphs will have served the purpose for which they were written if an idea or suggestion is carried out individually to help in the campaign this spring to clean-up, fix-up and paint-up. There is no mayor, no city council, to offer the "whereases" in a special proclamation, and no club or civic group conducting a contest with special prizes. This is a matter of pride among the residents and business people themselves. The merchants stand ready with well-stocked shelves to help, and there probably isn't an item which you need with which to carry out your clean-up program which can't be purchased locally. Next week's the week to concentrate — clean-up, paint-up, fix-up.

FOREST RANGER ADDRESSED GROUP AT CYPRESS - MAGNOLIA

Where's the Fire? Where's the Fire station? Where's the fire station number?

These questions and others were answered Thursday evening, April 21, when the Cypress - Magnolia Farm center met at the Fire Hall, next door south of the main building of Knott's berry farm.

Joe Scherman, chief ranger of the Orange county division of the State Forestry department, was on hand to tell of the operation of his department with moving pictures and information of great value in emergencies.

ROGER WILLIAMS DINED ON BIRTHDAY

Mr. and Mrs. Milam Williams entertained at dinner on Saturday evening in honor of the birthday anniversary of their son, Roger Williams. Seated at the table were Mrs. Bertha Kingsley of Eugene, Oregon, Mr. and Mrs. Glenn Williams and daughter, Irene, of Freeway Park, Mr. and Mrs. Kenneth Young and son, Dale, the host couple and the guest of honor.

ADD SECOND VISITING NURSE TO STAFF

The increased requirements for bedside care by the registered nurses of the Visiting Nurse Association of Orange County has necessitated the addition of another nurse to the staff, Mrs. Logan Wheatley, president, announced.

A total of 2,146 visits were made from January 1 to March 31 against 1,630 visits for the same period last year. "These visits include all types of professional nursing care for persons of all ages, race and creeds and is given only under doctors' directions. Although pay is accepted according to family ability, it is not charity and is used by families of the highest income brackets, "Mrs. Wheatley stated, adding, "Among these patients, 224 calls have been made on cancer patients in the county. The American Cancer Society of Orange County assists with payments for visiting nurse services where the patient is unable to pay or unable to be hospitalized."

School Parents Asked To Visit During Classes

Public schools week this year is scheduled for April 25-30. The Cypress elementary school is cooperating in the movement with an invitation to parents and friends to visit at any time during school hours, in observance of the week, which is the 30th annual celebration of its kind.

An assembly on Friday, April 30, will conclude the activities, in which the students will participate. A moving picture will also be shown.

The state P.-T.A. organization has asked its member clubs to pay especial attention to the significance of the celebration. Mrs. G. W. Luhr, state president, emphasizes that we live in a complex world of new skills and new ideas, which, if we are to remain free men, our children must master. She points out that our schools are the training ground of freedom, and that the lamp of freedom must ever burn brightly. She says, "Public schools week affords an opportunity for intensifying public interest in our public schools. Up and down the length of our state, teachers and pupils will welcome parents and interested citizens who visit the classroom to see displays and exhibits."

On April 25 and 26, the annual convention of the P.-T.A. will be held in Los Angeles. Official delegates from the Cypress club are Mrs. John Lukens and Mrs. Louis Wlaschin. Several other members, including certain of the faculty, plan to attend portions of the convention.

JOINT TEEN - CANTEEN MOVIE TONIGHT

Low-teens and high-teens will enjoy a movie in the school auditorium tonight (Friday.) There will be a brief business meeting preceding the showing of the picture.

Tomorrow night the young people are invited to participate in the box social in the school's utility room.

NOTICE

When reporting a fire, dial "Operator" — tell her to contact the Cypress Fire Department. It is important that the person who is calling REMAINS ON THE LINE until a Cypress fireman answers the call. Then give name of person reporting, and location of fire.

In the Los Alamitos area, FOR FIRE ONLY, call 901449, and stay on the line until the phone is answered. For other business with the fire department, call 95685.

Park Board Sponsors Box Social

A box social will be held in the utility room of the school Saturday evening, April 23. The public is invited to attend and it is hoped the novel affair will be entertaining to all. A "beauty contest" will be conducted as an added feature.

Sponsoring the event is the board of the Recreation park group. The ladies are asked to bring box suppers which will be auctioned off. There will be separate auctions for the older and younger groups. Procee ds will be added to the recreation park fund.

FASHION SHOWS WILL HIGHLIGHT COLLEGE EXHIBIT NIGHT

Visitors to the Fullerton Union High School and Junior College's Annual Open House and Exhibit scheduled for April 29 will find two fashion shows of interest during the evening.

The Dress Parade, in which approximately 100 models will show the styles of their classroom labors, will be given twice at 7:30 and 8:30 p.m. The show is planned on a progressive scale in which models will circulate through flower-decorated classrooms including 93A, 95A, and 97A on the first floor of the Home Economics Building.

Music will be provided for the promenade which will display play clothes, street and date dresses, suits, and coats. Two little girls, children of G. I. Junior College women students, will model also.

The Dress Parade is under the supervision of Miss Henrietta department head.

Another style show will be given in the high school library at 8 p.m. Styles shown will be the work of the Evening Junior College classes taught by Mrs. Mary Pagel. Adults appearing in the library show will number about 25, while many more children will be seen in the fashion line.

Merchants Whip Norwalk; League Competition Starts Next Month

CYPRESS DEMOBILIZES NORWALK GUARD, 20-1

Norwalk (Special)—Dick Hatchcock's Cypress Merchants invaded Norwalk County Park last week and completely demobilized the Norwalk National Guards 20 to 1 in their first spring practice game.

Big guns for the locals were Heffron, Falls, Gulman and Wright who collected three hits each. Fourteen hits, six walks and five enemy errors gave the Merchants their tallies.

Earl Halliday hurled only two innings and whiffed three and walked one man and allowed one hit. The game was called after three innings. The Guards broke the ice in the final inning on two walks and a run-producing error.

Hathcock's loaded squad has been listed as a top heavy favorite in the Norwalk Softball association which opens its season May 9th.

HATHCOCK CUTS SQUAD TO OFFICIAL LIMIT

As the final week of practice rolls around before league play begins, the Cypress Merchants' softball team is buckling down to serious work.

Manager Dick Hathcock announced that the team's uniforms are almost a reality, with only three more contributions needed to fill the quota.

Hathcock listed the following merchants as contributors to date: Leona's Fifth Gear cafe, Corby's Barber shop, Cypress garage, Cypress Beverage store, Lee's Cypress cafe, Essex Variety store, Doerr's Sundries, The Fashion shop, Cypress Hardware, Cypress Enterprise, Cypress Cleaners, Central Feed store and the M & H Market.

Mrs. May Green volunteered a donation when she heard Hathcock talking about the team with a friend. The manager said the team was encouraged by support like that and it was helping to make the venture a success.

Hathcock's problem at present is cutting the group down to 15 players from the 25 who reported for practice. Wednesday night, a final practice game was held between team members and from that performance, the final squad will be chosen. The official roster must be in to the league officials by April 25.

The complete schedule of league games will be published in the Enterprise as soon as it is available. There will also be posters distributed with the schedule on it.

Hathcock said that there will be practice games every Wednesday night on the elementary school house diamond with other teams. He invited the Cypress people to come and see their team in action. League play starts May ninth.

Girls Hold Initial Softball Practice

Fourteen Cypress girls were vieing for spots on the girls softball team at the first official practice session held Tuesday night.

Manager Leo Ronconi and Coach Johnny Andre are whipping the team into shape for their first league game in June. Part of the pre-league practice will include games with teams from nearby towns, which will be played on the diamond at the elementary school.

The Cypress girls' club has joined the league called the Riverside, Orange and Los Angeles County League. At present, their chief concern is raising enough money for snappy uniforms for the league games.

The fourteen girls now on the roster are Betty Lantz (Capt.), Zena Bloomfield, Nelda Wright, Delores Cardin, Pat Shedore, Gerry Herrera, Loretta Gulman, Caroline Head, Geneva Huckabee, Carol and Pat Dewell, Bin Young and Marian Simmons.

Mrs. Rob't. Hoyt Compliments Mrs. Rob't. Fogg

At the E. L. McWilliams home on Bishop street, Mrs. Robert Hoyt recently entertained at an anticipation shower for Mrs. Robert Fogg. The decorations followed the Easter motif, complete with bunnies and eggs, and the house was a bower of spring flowers. Sweet peas, pansies and roses predominated.

The guest of honor was the recipient of many useful and lovely gifts. The hostess served chiffon cake with fruit salad topping, and coffee, and each was given a clever nut cup fashioned of flannel dipped in wax to resemble the proverbial three-cornered garment which comprises the new-born's wardrobe.

There were thirty-six guests present.

CHANGE MANAGERS AT RICHFIELD STATION

Carl Reisig, formerly of Cleveland, Ohio, has assumed the managership of the Richfield service station at the corner of Lincoln avenue and Miller road. He has been in California for about seven weeks. Assisting him is Fred Faulkner, who lives in Fullerton.

Reisig took over from W. E. Beck, and announces there will be no change in the plan for a free drawing on April 29 at the service station, at which time valuable prizes will be given away. Coupons have been given with the purchase of products for some time.

The W. E. Beck family returned to their home in Oklahoma.

Old Los Angeles Tale Recalled By Local Man

Something of a challenge to story tellers is offered by Roy Kellogg of Kellogg's coffee shop in Buena Park who tells the following tale of the old west.

Mr. Briggs, a negro barber of Los Angeles, just about cleaned out all the cats of that city.

He made a fortune in doing it. He heard that the bustling young city of San Francisco was overrun by rats. Every ship in the harbor was full of them; every house and store was plagued by the rats as they raided the food supply of the city.

Getting the bright idea of bringing cats to the rats, he proceeded to round up all the cats of Los Angeles.

He stole cats, trapped cats and night after night he went hunting for cats until he had a large number of them — a thousand to be more exact — which he took to San Francisco. It is said that he sold them for $20 apiece.

Then the cat rush was on. Everybody in San Francisco wanted a cat and finally as the demand increased the price went up and some sold as high as $100 apiece.

Although Mr. Briggs made a fortune of about $60,000, he arrived back in Los Angeles broke. This is a true story as told me by an old timer.

"What became of Mr. Briggs," I asked him. Well, he got home and started barbering again. Maybe the owners of the cats ganged up on him. I never heard of him again.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

SUNDAY—APRIL 24
Church Services—All Churches.

MONDAY—APRIL 25
Cypress Chamber of Commerce—8:00 P.M.—Cypress School.
Cypress Boy Scouts—7:30 P.M.—Schoolhouse.
Los Alamitos American Legion Auxiliary—Congregational Church
Los Alamitos Chamber of Commerce Board of Directors—8:00 P.M.—321 Hward St.

TUESDAY—APRIL 26
Cypress Baptist Woman's Missionary Society—2:30 P.M.—Church
Los Alamitos Boy Scouts—7:00 P.M.—Laurel School.
St. Isadore's Altar Society—7:30 P.M.—Rectory.

WEDNESDAY—APRIL 27
Cypress Nazarene Church Prayer Meeting—7:30 P.M.
Los Alamitos Girl Scouts—After School—At Homes Of Members.
Los Alamitos Cub Scouts—2 P.M. at Homes of Den Mothers.

ENDURANCE FLIGHT

Back in January, 1929, the Army sent a plane aloft to "stay up for a week." The very idea of a plane attempting to remain in the air that long created a great sensation. One hundred and fifty hours after the takeoff — 18 hours short of the goal — the ship came down due to engine trouble. The flight, however, was an unquestioned success and it started a whole series of attempts by various airmen to see how much of an endurance record could be set. Before long the Army's mark was broken and the record set higher and higher. In 1939 two airmen, Wes Carroll and Clyde Schlieper stayed up 744 hours or exactly 31 days. That performance stood unchallenged until a few days ago when Dick Riedel and Bill Barris passed it after failing on several previous tries, and then droned on toward their goal of 1000 hours in the air. Thus it appears that modern mechanical and engineering skill have just about reached the point where they can keep a plane in the air as long as the nerves of flyers and the supply of gasoline holds out.

Packing Plant Operation Threatens Already Overloaded Sewer System

By Gus Luzania

Orange County's economic "backbone", a multi-million dollar Valencia crop, will be harvested sometime within the next two months. A majority of the county's citrus packing and processing plants are located within five miles of Buena Park.

The harvest will mean employment to some people and profits to others. But to one group of men —the sanitation engineers—it may spell trouble.

You might think it's a far cry from oranges to sewage, but to sanitation engineers it is not. For them it means an increased volume of sewage due to the operation of the plants and a peak load on sewer lines which are already carrying a near capacity volume.

You talk to Ewald Lemcke of Anaheim, chief engineer for the Orange County joint outfall sewer, and he gives you a straight-from-the-shoulder report on what his men will be faced with this summer.

For example, the sewer lines serving Section 2 of the J. O. S., which includes Anaheim, Orange, Fullerton, and the sanitary districts of Garden Grove, Placentia, Buena Park and La Habra, are today using a little over 85 per cent of their capacity, leaving slightly less than 15 per cent of the pipe for any additional flow.

(Continued Next Week)

INJURED CYCLISTS "IN GOOD SHAPE," REPORT

Leroy Sparks, 20, of Orangethorpe and Manchester, Buena Park, was still in Fullerton hospital, today, suffering from injuries sustained in a motorcycle - automobile accident Wednesday, April 13, near his home. He was operated on earlier in the week and was reported in "fair condition."

Delores Weather, 15, of 5881 South Marshall, who was his companion on the cycle, was less seriously injured and was able to leave the hospital earlier in the week. Her condition was also described as "fair."

Gubernatorial Aspirant To Speak Near Here

The Orange County Democratic Central committee announces a third in a series of dinner meetings to be held on Friday night, April 29, 1949, at 6:30 in Violett hall, Garden Grove. The meeting will honor Dr. C. C. Violett.

The principal speaker will be E. George Luckey, vice chairman of the California Democratic State Central committee. Mr. Luckey was in charge of President Truman's campaign in California during the last election, and has been prominently mentioned as a candidate for the Democratic nominee for governor in 1950.

Reservations should be made by April 25 with Emma Pellew, 14502 South Street, Anaheim, Lester Van Tatenhove, 305 First National Bank Bldg., Santa Ana, or any member of the Central committee.

I RISE TO REMARK
By John Phillips

The next time somebody says that the Federal government appropriated a billion dollars, I want you to say, "You mean $7!"

I say to my secretaries that I wish I could get you in California a quarter as interested in our trend toward national socialism and in the threat of national bankruptcy as you are in the Oriental fruit fly and yellow oleo and postage rates. You must get your money thinking down to terms of everyday understanding if you are to save the Republic. I could ask if you thought a million dollars was a lot of mney and you'd say, "Of course." I could remind you that a BILLION is 1000 millions. I could lay dollar bills end to end around the globe. That won't do.

So my new unit of Federal spending—is 7 bucks. If there are 150 million people in the United States, then appropriating ONE BILLION DOLARS in Washington, means about $7 to each one. If there are 4 in the average family, it means $28 for each family. Actually, it means more in Orange, Riverside and Imperial counties, because we'll have to admit, modestly, that we're over the AVERAGE in living standards, and incomes. We have to make up for districts below the average.

Congress authorized 5.38 billions for foreign aid. Everybody ready? OK—chorus: "You mean $37.66." That's $150.64 for the average family. Some of us tried to cut out a BILLION. Members of the Committee on Foreign Affairs supported the effort. Mr. Hoffman doesn't expect to need 5 billions. How much did we try to save? All ready? "$7." What could you do right now with $7? $28 in your family? More than the average in the 22nd District.

Wednesday we put through the appropriation bill for the Army, Navy, Air Force. 15.9 BILLIONS. All ready? "You mean $111.30." For the average family $445.20 More for each family in the 22nd District.

The Democratic majority fired the investigators, accountants, research men, the Appropriations Committee had built up with difficulty in the 80th Congress. Two years ago, with the help of that staff, my subcommittee took 1.4 BILLIONS off one appropriation bill, and we only started with 9 billions. "You mean you saved me $10."

Thursday, we passed the appropriation bill for the Independent Offices; my subcommittee. That was 7.1 billions. "You mean $49.70." To the average family, $198.80.

After the recess, we'll implement the Atlantic Pact. How much? Rumor says 2 billions. "You mean $14." That's $56 for the average family. I rise to ask, if we need that 2 billions, do we still need 15.9 billions for Army, Navy and Air? Do we need millions for the Atomic Bomb? Is there any connection between billions for war, and billions for peace? Can we spend for everything, without coordination?

A billion is still a billion. Now, all together. "$7 is still $7." $28 for the average family; more for a family in the 22nd District.

A LETTER TO THE EDITOR

Editor,
Cypress Enterprise

John Amodea pled guilty in Judge Earley's court in La Habra to two counts for violation of the California Health & Safety Code, adulteration of ground beef with horse meat, and adding illegal preservatives (sulphite). He was given the maximum fine of one thousand ($1000.00) dollars.

Besides this, Amodeo was found guilty of similar offenses in Fresno, Kern and Los Angeles counties and has been fined a total of five thousand ($5,000.00) dollars and is now serving a one year jail sentence in Los Angeles county.

In giving this sentence, Judge Earley stated that he was in favor of giving the maximum sentence inasmuch as this infraction was an offense against the health of the people of the county of Orange. (As the judge in the case in Los Angeles had said it was also an offense in which the suspicion was created that there was sculduggery going on in the sale of meat and especially in a meat used by people in the lower income brackets.) It will take months of those under suspicion to live down the bad feeling generated by this one case in Orange County and one who is the chief offender against the peace of a community should be made to suffer for his offense.

J. H. BOWER, D V M
Meat & Livestock Inspector, Orange County.

STATION K V O E AIRS PROGRAMS IN HEALTH SERIES

Robert St. John, the well-known news commentator and war correspondent, stars in a different kind of radio presentation when he will be heard in a special broadcast, "One million people", on Station KVOE Thursday, April 28, at 10:15 a. m. with a re-broadcast on Friday, April 29, at 8:30 p. m. The title of the fifteen-minute drama is derived from the fact that one million persons in the United States have syphilis without knowing it.

On Sunday, May 1, a program will be heard at 9:15 p. m. which is designed to show the remarkable progress made with new drugs in the treatment of syphilis. Called "Ghosts of yesterday", it features interviews by radio commentator and reporter George Hicks with hospital patients who relate their experiences undergoing successful treatment.

Rent Increase In Orange County Approved

Orange county residents were today faced with the prospect of paying seven per cent more rent.

Housing Expediter Tighe Woods announced Wednesday in Washington, D. C., a seven per cent increase in rents in all Orange communities.

Woods rejected, however, a recommendation by this area's rent advisory board for an additional 10 per cent boost.

He approved the seven per cent hike to "compensate for local tax increases." He denied the additional 10 per cent for lack of evidence to back up the board's claim rent levels were abnormally low.

BOXING LESSONS FOR LOCAL BOYS

Mr. and Mrs. Ray Edwards, 5412 Camp street will have at their home this Saturday afternoon, April 23, the Long Beach YMCA director. Lessons in boxing will be given any boy, any age, who attends the session. Lessons this Saturday will be 50 cents apiece. The cost of future lessons will be decided later, depending on the number of boys who sign.

Remember, any boy in town of any age is invited to sign up for boxing lessons Saturday.

P-T.A. CARNIVAL POSTPONED

The date of the annual P-T.A. sponsored carnival has been postponed until June third. A booth where hamburgers, hot dogs, sandwiches and desserts will be sold will be operated outside on the school grounds with the other attractions. Formerly, a cafeteria supper was served in the utility room.

The unseasonably cool weather and lack of response to requests for volunteers to help were two major considerations in putting the carnival off until a later date.

RAMONA PLAY—Shirley Schrader who appears in role of Margarita, the flirtatious senorita, and Charles Hargrove, talented young actor who again plays role of Luigo, the young shepherd, in famed Ramona Outdoor Play which opens for 22nd season this month at Ramona Bowl near Hemet. Playing dates for production will be on Saturday and Sunday afternoons only, April 2 and 24, April 30 and May 1, and May 7 and 8.

Friday Before School Vacation Proved Busy

To properly begin the Easter holiday vacation, the primary grades participated in room parties with Easter egg hunts complete with baskets and all the trimmings.

Boys and girls in the upper grades held a kite contest. Keen interest was displayed in this activity, and prizes of an automatic pencil with the school's name and insignia, a bull dog, were worth competing for.

Winners were as follows: smallest kite, Walter Buick; largest, Gary Hagan; prettiest, Leonard Slabaugh; and the highest, Ross Mester and George Holetz, a tie.

PT.A. FATHERS TO BE CARD PARTY HOSTS

Fathers will be in charge of the next card party on May tenth. The P-T.A. cancelled the April social, but is looking forward to a fine time when the men are hosts.

CHRISTIAN SCIENCE TOPIC "PROBATION AFTER DEATH"

"The Lord will perfect that which concerneth me: thy mercy, O Lord, endureth forever." This quotation from the Psalms will be the Golden Text of the Sunday Lesson - Sermon on "Probation after Death" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

In his letter to the Philippians Paul writes, "And this I pray, that your love may abound yet more and more in knowledge and in all judgment; That ye may approve things that are excellent . . . Being filled with the fruits of righteousness, which are by Jesus Christ, unto the glory and praise of God . . . Brethren, I count not myself to have apprehended: but this one thing I do, forgetting these things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Every day makes its demands upon us for higher proofs rather than professions of Christian power." "When we learn that error is not real, we shall be ready for progress, 'forgetting those things which are behind'."

Trash Pick-Up

The county road department has consented to cooperate with the Cypress area in its clean-up week. Persons having trash to be removed may stack it along their curbs. According to the department, trucks will circulate through the town on Tuesday, May third. Remember the date — and remind your friends and neighbors — Tuesday, May third.

County Names Disposal Area Trash and Refuse

As the community concentrates on clean-up week, a notice from H. Sprenger, county road commissioner, is particularly timely. For the convenience of the public, it is possible to dispose of trash and refuse at certain designated disposal areas. The centers are open 24 hours a day, seven days a week, with an attendant on duty eight hours daily. One of these centers is located on Hansen road and Katella avenue.

Sprenger's statement indicates that the public has given the county the needed cooperation in the orderly maintenance of the disposal centers, which is much appreciated. The continuance of this relationship with a view to keeping roadsides clean is earnestly requested.

PERSONALS

Mrs. Bill Hollingsworth and new little daughter, Virginia June, who was born last Friday in Anaheim hospital, are at the home of Mrs. Hollingsworth's parents, Mr. and Mrs. Frank Leverich on Belmont street. This is the first grandchild for the Leverich's.

Last Friday night marked the fifth wedding anniversary of Mr. and Mrs. Carl Sanders, Jr., and in honor of the occasion they were hosts at dinner in a Long Beach cafe to Mr. and Mrs. James Broadbelt and Mr. and Mrs. A. E. Arnold.

LIST SPRING CHORES FOR CAR OWNERS

Now is the time of the year when motorists should apply a comprehensive "spring cleaning" to the bodies and engines of their cars, advises the Automobile Club of Southern California. The local garages stand ready to assist in the following sugestions:

Increased operating economy and greater driving safety will be the result, the Club states. The following measures, in the sequence listed, are recommended:

Wash and wax car thoroughly to insure adequate protection against the summer sun.

Have the motor and chassis steam cleaned. Grease and silt, accumulated in winter months, stops cool air from penetrating inwardly and prevents motor heat from escaping.

Lubricate all chassis parts. Drain and flush radiator and check radiator hose. Change motor oil from heavy to lighter grade for summer driving.

Apply complete motor tune-up. This includes checkup of carburetor system, wiring, ignition points, spark plugs and cooling system.

Check steering parts, brakes, clutch, headlights and tires. Remember, hot weather increases the danger of smooth tires blowing out.

The Club declares that the life expectancy of the average motor car in good repair is now 90,000 miles or 12 years of service. Annual "spring-cleanings" are highly recommended for motorists who strive to attain that goal in automotive performance.

Ernest Speak's bicycle was stolen from the front lawn at his home at 5352 Bishop street last Monday. He reported his loss to the county sheriff's office.

Tonight members of the Cypress Fire Department will entertain their wives at dinner in the fire hall. The women will be guests in every sense of the word as the men are preparing and serving the menu and cleaning up afterwards.

CYPRESS LOCALS

Mrs. Mary Mills and her daughter are new residents in one of the Bolinger apartments at 4811 Grace street.

Mr. and Mrs. James Bolinger, Jr., and two sons were Easter Sunday dinner guests in the W. B. Perry home in Long Beach.

Jim Russell, in Long Beach naval hospital, is reported improving according to word received from his family, the Dick Wallace's. Jim suffered from a serious pneumonia illness.

The premises of the T. J. Boyd drive-in nursery have recently been made more attractive with a coat of paint all around and newly painted lettering on the signs. The neon sign is being repaired and renovated and will soon be operated again.

Mrs. Jim McDowell and three children, of Riverside, spent several days visiting in the Jack Junker home last week. They visited also with her husband's parents in Long Beach.

The first city-wide Spring Clean-up Campaign took place in Cincinnati in 1913. More than 10,000 cities, towns, and villages now participate in this campaign each year according to the National Board of Fire Underwriters.

Ray Dye, popular chamber of commerce, VFW, and Cypress volunteer fire department member, is serving with the Coast Guard. He is stationed in Seattle. Mrs. Dye will remain in Cypress for the time being.

Frank Noe is the second Cypress resident who is named to seek office as a member of the board of directors of the local elementary school. The election date is May 20.

Mrs. Veronica Murphy has been enjoying a visit from her brother, Neil Sorenson, who flew here from Boston. He is a mechanical engineer and finished an assignment for his firm recently in Mexico. He and his family spent the Easter Sunday week-end in New York City and will return to their home by plane.

Earl Siples is still confined to his home and is too ill to be about.

There will be nearly 1000 home fires in the United States during the next 24 hours, and most of them will be caused by carelessness, according to the National Board of Fire Underwriters.

The road department has resurfaced Moody street from Lincoln avenue to Crescent. Wednesday the men were busy working on Miller road north of Lincoln.

Miss Dorothy Doerr of Santa Barbara, spent the Easter holiday week-end in the home of her brother and family, Mr. and Mrs. Stan Doerr. A lively Easter egg hunt took place Sunday morning, obstensibly to humor the two small sons of the Vernon Hawes. However, the entire family participated, to the amusement of all concerned.

Last Saturday was Teddy Alleman's ninth birthday anniversary and his mother, Mrs. George T. Alleman, allowed him to invite five of his third grade classmates to spend the afternoon at the family home at 5322 Lincoln avenue. Guests were Billy Essex, Ernest Speak, Teddy Fender, Bobby McKee and Donald Poor.

Mrs. James Broadbelt is a patient in Anaheim hospital where she underwent surgery Tuesday.

The Firemen's Second Annual dance will be held May seventh at the fire hall. Tickets are 75 cents apiece, and can be purchased from the local firemen. If you can remember last year's dance, you will know you had a good time. This one is promised to be twice as good. The firemen have hired an orchestra, and light refreshments will be served by the auxiliary. Make your plans to attend now.

Little Lorry Smith is home from the hospital. He's the little boy who was recently hit by an automobile, and is now in a cast up to his neck. A card campaign could make him feel better. His address is 3961 Farquhuar street.

Treasurer Eveleyn See and one of our residents of the Long Beach Emblem Club reports that the group will hold its monthly potluck at the Machinists hall in Long Beach. It is open to the public and there will be cards following.

Ray Cue left for Gordon, Nebraska, to go to the bedside of his mother who is quite ill.

Mr. and Mrs. Melvin P. Hardin are new tenants at 3591 Howard street, arrived here from Seattle, Washington.

Alvin Corley's sister, Mrs. Myrtle Page, was quite seriously injured when she was struck by an automobile on Long Beach boulevard Monday.

On April 28, the Ben and Sally dancing school will hold a recital at the Tracy theater at eight p.m. If you want to see some of our local talent, make this show a must! Sharon Labourdette, Carol and Sharol Palmer, Eugenia Borley, and Virginia Otte will all participate.

Mr. and Mrs. Doc Dillon have returned from Oklahoma with Doc's parents, who will spend their vacation in California.

Young Bill Proctor came home from the Claretian Seminary for the Easter vacation. He and his parents had their Easter dinner at Knott's berry farm. While home Bill attended a meeting of St. John Bosco club at the Pacific Coast club.

The Bill Jay's spent their Sunday taking their children through the museum at the Los Angeles Exposion park. Then they all picnicked in the park.

The August Labourdette family held a picnic lunch in the back yard of Mr. and Mrs. R. P. Green of Long Beach. Mr. and Mrs. L. A. Tecchini of North Hollywood were also present. The children spent part of the afternoon Easter egg hunting.

Arrangements have been made with the Walt Disney company for a motion picture to be sent to Laurel school. Highly recommended by the visual aid department and the county superintendent of schools, the picture comes from the University of California extension library. Strictly for the older grade girls and their mothers, the picture will be discussed and explained by visiting nurse, Mrs. Martin. Girls wishing to attend must bring written permission from their parents, and the teachers and principal would like the mothers to attend.

ALAMITANS ENJOY EASTER SUNDAY WITH FRIENDS

Following Easter services Bonnie and Nerr Rathbun, with Monty, Mark and Michael, entertained Lotti Little and her two sons and a daughter in the back yard of their home. The children ran all over the garden locating Easter eggs. Their dinner was eaten picnic style, much to the children's delight.

Doris and Roland McGary entertained Doris' mother, Mrs. Mae Webster, for dinner in their home Sunday, followed by an afternoon of riding around Orange county, and looking at the latest things in fashions.

The Peter Robert Campbell family entertained their daughter and son-in-law, Mr. and Mrs. Jack Neblett of Redlands, during the week, following their stay in Merced.

The Oscar Watte household was packed to the ceiling with relatives. Enjoying a well-filled table were Mr. and Mrs. C. C. Belle of Tustin, Mrs. Marie Lanaux of Tustin, Mr. and Mrs. Frank J. Watte, Albert Watte, George Watte, Miss Phyllys Beerling of Long Beach, and Mr. and Mrs. George Stautemas and their children.

Mr. and Mrs. Joseph Mehren and their family drove to Wilmington to have their Easter meal with Joe's parents, Mr. and Mrs. Lorenz Mehren. Other guests were Mr. and Mrs. Fred Shannon. Joe's mother had just returned from the hospital.

Mr. and Mrs. Ellis McCollum and Mr. and Mrs. Harold Palmer of Los Alamitos spent the day at Anaheim park.

Mr. and Mrs. Gene Folkner of Anaheim were visited by Bobbie and Bette Campbell and little Nikki Sue over Easter.

Shirley and Harlan Hubert had their dinner at the Ike Hubert home in Norwalk.

Traveling around Palm Springs, Idylwild and Pine Cove were Mr. and Mrs. Ray Cue with Mr. and Mrs. Harry Armstrong of Palm Springs. The Cue's remarked that they really hit two different climates that day, from 98 degrees in the sun at Palm Springs, to four feet of snow at Idylwild.

Fred and Emma Robinson, with their two children, spent Easter in Lynwood at the A. W. Haworth home. Mr. and Mrs. F. L. Varney and Mr. and Mrs. W. D. Wille of Long Beach, and Miss Matilda Haworth, formerly of Guatemala, were also guests there.

Easter Services Attract Many

Most of our local residents spent Easter in their own homes, enjoying the lovely day in their back yards. The three churches were filled to capacity and strains of choir music were heard all morning. It was quite a day for the local Baptists, for their new church held its dedication.

The Community church opened its doors to its young people, and gave them a special Easter program. The Girls' Choir, under the direction of Mrs. George Harkins, was especially commendable. Little Sheryl Hubert offered a lovely hymn and smaller children of the primary class presented several recitations. The adult group heard the sermon of Reverend Jo Whittaker, and several numbers by the Girls' Choir.

St. Isadore's pastor opened his sermon with a wish of a Happy Easter to all of his parishioners. The choir at the eight o'clock mass was directed by Mrs. Louisa Aguiar, and at the organ was Mrs. Clifford. At the ten o'clock mass, several selections on the organ were played by Rose Marie Watte, and Easter hymns were sung. The little church was transfigured into a vision of white, with a mass of white blooms set upon the altar.

Fire Destroys Cafe Interior Completely

Did you hear the siren? The Airport cafe was burned April 13 at 12 o'clock midnight. Damage of $3500 was done to the building, while $4000 of destruction was done to the fixtures and stock. The building is owned by Ed Fath of San Bernardino and the fixtures by Lee Thresher of Long Beach. The fire burned about two hours.

DON'T GAMBLE ON CURVES

Don't gamble on the curves, advises the National Automobile Club. It is better to enter them at a safe pace and accelerate while rounding them than to enter them at a rapid pace and have to brake to avoid disaster.
